MAXWATT
POWER WHEN YOU NEED IT

The Maxwatt MX11000i 2 wire auto start generator has been designed to provide back up power for off grid solar systems.

It has a pre installed 2 wire automatic control system. This generator can automatically provide backup to recharge the storage battery and feed-in power to supply the load.

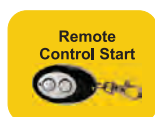

The Maxwatt range of generators have been manufactured using only high-quality components and designed to last in the toughest conditions.
