

## 4500 WATT PURE SINE WAVE DIGITAL INVERTER GENERATOR

Maxwatt® digital inverter generators offer the best in portable power while being light to carry, fuel efficient and super silent. Besides the electrical output being able to power all sensitive electronic equipment, our generators are also an essential part of recreational caravanning and camping AND also useful for home use as a backup power supply.

**SUPER  
SILENT**

### CONTROL PANEL FUNCTIONS

1. Fuel gauge
2. Main switch
3. Engine start/stop
4. Data Centre
5. 15a Main Breaker
6. 5V DC USB
7. Parallel Output
8. Low idle
9. Ground Terminal
10. AC Output

**ELECTRIC/RECOIL  
STARTING METHOD**

**DOUBLE  
POWER  
WITH PARALLEL  
CONNECTIVITY**

# 4500W

**MAXIMUM RATED OUTPUT**

# 2 YEAR

**WARRANTY**

**MX4500iS**

## ADDITIONAL FEATURES AND BENEFITS

- Digital Inverter Technology
- Pure sine wave inverter technology
- Parallel connection cable included
- No parallel box required
- Low Noise at 62DB
- Economy Low Idle Setting
- Smart Engine Control that reduces engine speed, depending on size of the load for better fuel efficiency.
- 4500W maximum output is one of the highest in its class that enables it to efficiently power up multiple electrical devices.
- It has a non-slip and ergonomically designed handle.
- The running time at 9 hrs at 50% load and 6.5 hrs at 100% load is achieved with the help of a 10 litre fuel tank.
- The pure sine wave technology not only safely powers sensitive equipment, it is also compliant with Australian EPA emission controls.
- It is a no fuss generator that is simply plug in and use – no assembly required.
- Quick release telescopic handle and wheels for easy transportation.
- We offer a 2 year warranty to safeguard your investment.

## TECHNICAL INFORMATION

Voltage (V)	240
Amperage (A)	15.4
Displacement (cc)	223
Fuel Tank Capacity (L)	10
Noise Level (db's) at 7 m	62
Rate Power (watts)	3700
Max. Power (watts)	4500
Weight (net) (kg)	52
Ignition	Electric Recoil
Rate Frequency (Hz)	50
